

Closing Prayer (at the end of session with client)

(NOTE: This prayer is a good way to end your session with the client. It would be a good idea to pray a similar prayer over yourself at the end of your day working with clients.)

Father God, I thank you so much for all you have done today. I thank you that you see all and know all, and that you are bringing {client} to a place of freedom and healing.

- I ask that you prohibit any retaliation for the work that was done today.
- I ask that you destroy any back-up plans of the enemy against {client}, and
- I ask that you cancel any assignments or harassments against {client}, their family, their pets, their property, their personal domain, and their sphere of influence.

Please go before {client} and come behind them as they leave this place, and continue your work in their body, soul, and spirit.

In Jesus' name, Amen.
