

## Opening Prayer (at the beginning of session with a client)

*(NOTE: This prayer is a good way to begin your session with the client. It does not eliminate all spiritual warfare during the session. In fact, this prayer is more of a state of mind that will be important to maintain throughout your session. It is important to be vigilant of your own heart and mind as you work with people.)*

Father God, I thank you that you are the Most High God, the Ruler over all things. I invite you to be here with us in whatever way you choose, and I ask that we would be allowed to be aware of your presence in whatever manner is needed.

- Please remove anything of an evil spiritual or ungodly nature from our humanities.
- I bind everything that is not of you in this space, and I ask that you prohibit Satan from seeing, hearing, or interacting with this time in any way.
- I ask that you help {client} stay present and allow your Holy Spirit to bring a sense of peace, safety, and protection during this time.
- Please lead our conversation by your wisdom to truth and freedom.
- I give you full authority in this time and all of the honor and glory and praise for what you will do.

In Jesus' name, Amen.
